\*Barron's Top 1,000 Advisors, as identified by Barron's Winner's Circle, bases its rankings on qualitative criteria: professionals with a minimum of 7 years' financial services experience, acceptable compliance records, client retention reports, customer satisfaction, and more. With over 3,000 advisors nominated annually, advisors are quantitatively ranked based on varying types of revenues and assets advised by the financial professional, with weightings associated for each. Additional measures include: in-depth interviews and discussions with senior management, peers, and customers, and telephone-based and in-person interviews with the nominees. Because individual client portfolio performance varies and is typically unaudited, this ranking focuses on customer satisfaction and quality of advice. For more information on ranking methodology, go to [www.WCorg.com](http://www.WCorg.com). The rating may not be representative of any one client's experience because it reflects a sample of all of the experiences of the advisor's clients. The rating is not indicative of the advisor's future performance. Neither Smith Barney nor its financial advisors pay a fee to The Winner's Circle or Barron's in exchange for the rating.
