Welcome Education Services Associations Experience

Welcome

In today's fast-paced world, few people have the time or resources to dedicate to managing their investments—whether it involves researching bond calls, reviewing company earnings projections or tracking mutual fund performance. As your Financial Advisor, I will alert you to new opportunities and advise you on changing market conditions that may affect your investments. It's all part of my long-term commitment to my clients.

- To have a free Retirement Analysis constructed on your behalf, complete the Confidential Questionnaire available in Our Practice and return to our attention.
- See Special Reports for the November On the Markets. November's lineup includes "Let's Get Real" Real yields, which are yields adjusted for inflation, are now very good for high-grade corporate bonds and high yield bonds. In addition, the real earnings yield for the S&P 500 is quite high, too. These attractive real yields give investors an opportunity to get well ahead of inflation argue Chief Investment Officer Jeff Applegate, Chief Investment Strategist David M. Darst and Global Investment Strategist Charles Reinhard in this month's cover story.
- In our continuing effort to bring you the best thinking and analysis on investing, join us Tuesday, Nov. 17 at 4:00 p.m. ET, when Chief Investment Officer Jeff Applegate will host a client call with Nouriel Roubini, professor of economics at New York University's Stern School of Business and cofounder and chairman of RGE Monitor. Professor Roubini, who is also known as "Dr. Doom" for presciently identifying the credit and housing bubbles, will share with us his outlook for the global economy and the markets in what is sure to be a lively discussion.
